

ACCIDENTS HAPPEN . . .
this could happen to **YOU!**

FOR FURTHER INFORMATION
contact your local **Fisheries Officer** or
the **Fishermen's Indemnity Plan** office
in your **Region**.

The owners of these boats were insured under the Indemnity Plan. Their claims were paid promptly, enabling them to repair or replace their vessel and return to the fishing grounds.

FISHING VESSEL INSURANCE

CAI
FS
-2004

**The
Fishermen's Indemnity Plan**
was established by the Government of
Canada to provide low-cost insurance
for Commercial fishermen.

Fishing boats valued at between \$250 and \$25,000 can be insured for a yearly premium not exceeding 2% of the value. For this small cost, can you afford NOT to be insured?

**INSURANCE COVERAGE UNDER THE
FISHERMEN'S INDEMNITY PLAN IS
AVAILABLE IN**

Newfoundland
Nova Scotia
New Brunswick
Prince Edward Island
Ontario
Quebec
British Columbia
N.W. Territories
and the
Canadian Arctic

By insuring under the Plan, you can protect yourself against the hardship caused by loss from fire and all the usual perils of the sea. If your boat becomes a total loss, you will receive compensation for your loss, subject to a deductible based on a percentage of the appraised value. Indemnity payments for partial losses are also subject to a deductible. The Fishermen's Indemnity Plan also provides low cost insurance for fixed fishing gear, such as weirs, fish traps, etc., and for fish storage buildings and equipment stored in them.
